TRANSFORMATIONAL EDUCATION THROUGH OUTDOOR EXPERIENCES

WHY CHOOSE OUTDOOR EDUCATION?

Outdoor education provides a unique and transformative learning experience that fosters personal growth, development, and environmental stewardship. Students develop valuable skills such as leadership, problem-solving, and adaptability that benefit them throughout their lives.

1

Increased mental fitness

Students are encouraged to step out of their comfort zones, promoting personal growth and resilience.

2

Enhanced teamwork

Collaborative tasks build trust, communication skills and teamwork.

APPLIED LEARNING

Students apply classroom concepts into nature's outdoor setting, strengthening their understanding through practical experience.

This approach encourages problem-solving, critical thinking, and confidence as students work through authentic challenges.

ENVIRONMENTAL AWARENESS

Fosters a connection with nature and a sense of environmental stewardship.

OUR APPROACH TO OUTDOOR EDUCATION

Our approach is centred on inspiring personal growth, character development, and a deep appreciation for the natural world. We design programs with clear educational outcomes, encouraging students to develop new skills in a safe and supportive environment.

Working in partnership with schools, we create meaningful outdoor learning experiences that strengthen curriculum connections and build student confidence.

Our programs promote:

- ▲ Self-reflection
- ▲ Resilience
- ▲ Teamwork and connection
- ▲ Environmental stewardship
- ▲ Personal well-being

CAMP NARMBOOL

Where the serenity of nature meets the legacy of sustainability. Located just 30 minutes south of Ballarat, Narmbool is a unique outdoor retreat surrounded by 2,000 hectares of natural landscape and a working sheep farm.

This tranquil setting is purpose-built for exploration, learning, and connection, perfect for immersive experiences.

STEP INTO NATURE'S CLASSROOM

CAMP NARMBOOL

The Garden Room

A purpose-built reception centre designed to intentionally enhance and extend our Camps Programs, offering schools a meaningful way to broaden their experience while fully engaging with Narmbool's historic homestead and expansive gardens. This space and its surrounding garden setting create a purposeful opportunity for students to connect, reflect, and recharge, adding depth and balance to their camp experience. Whether facilitating guided morning activities such as yoga or providing dedicated time for rest and reflection in the afternoon, this offering is thoughtfully designed to enrich student wellbeing and maximise the unique value of Camp Narmbool.
